EXPERIENCE

Software Development Engineer Intern

Mastercard Inc. - Product & Engineering Unit May' 23 – Jul'23

- Acquired insights of **Mastercard Payment Gateway Services (MPGS) architecture.**
- Enhanced the Regression Monitor platform of MPGS used by over **42 teams worldwide** for accurate smoke test team representation.
- Analyzed the data flow between **Jenkins**, **MongoDB**, and **Keystone.js** UI in an **MVC architecture**.
- Developed a solution to implement **conditional parsing** and **modify API endpoint** for reading **multiple data streams**.
- Implemented **Node.js** functions for **MongoDB** data retrieval, ensuring **database consistency with Jenkins**.
- Optimized solution for precise teamname retrieval of smoketest failure summaries.
- Added a new build artifact to **Jmeter framework's** smoketests Summary **shell script.**

Web Developer Intern [Product Deployment]

Azodha Systems Pvt Ltd Dec' 22 – Mar'23

- **Next.js | React.js | Node.js | MongoDB | Figma**
- Migrated website from **React.js** to **Next.js** for **server-side rendering (SSR) & static site generation (SSG).**
- **Dynamically** rendered **Notion** content using **Content0 APIs**.
- Implemented **nested dynamic routes** and **page-based routing**
- Added intricate **UI/UX features** & handled **complex state in Next.js**.
- Developed **MongoDB** schema models & CRUD **REST APIs** in **Node.js**
- Improved **search engine optimization (SEO)** by **30%**

PROJECTS

'ClientHive' [Source Code]

Next.js | Node.js | Prisma | Firebase April 23

- An end-to-end collaborative platform for clients & service providers
- Worked on developing the complete Next.js Website with Firebase **OAuth Google Sign-in authentication**.
- Integrated the document upload, download and appointment scheduling **Node.js REST APIs**
- Added Video call feature using **100ms SDK**.

'Pitch N Fund' [Deployment] [Source Code]

React.js | Node.js | MongoDB | Express.js Feb 22 – May 22

- A platform to connect investors and entrepreneurs for equity-based business investments based on numerous start-up portfolios.
- Integrated **Node.js REST APIs** and created **dynamic routes**
- Developed detailed UI/UX features and **modular components-based** web page layouts
- Implemented **JWT token-based user authentication & authorization**
- Incorporated **responsive** website for improved **user experience and accessibility**

EDUCATION

B.E in Computer Engineering & Hons. in AI & ML

Pune Institute of Computer Technology

July 2020 – June 2024 **CGPA: 9.30**

Grade 12 Mah. H.S.C

M.P. Junior College, Pune

June 2020 **85.85%**

Grade 10 I.C.S.E

Thakur International School, Mumbai

June 2018 **95.50%**

•100/100 - Computer Applications

SKILLS

Languages:
• C++ •SQL •Javascript •Java •Python
Frameworks & Libraries:
• React.js • Next.js • Node.js •Tailwind CSS •Material UI •Bootstrap
Databases:
• MongoDB • MySQL •Firebase
Other:
• GitHub • Data Structures & Algorithms •Object Oriented Programming • Problem Solving

ORGANIZATION

PICT ACM STUDENT CHAPTER (PASC):
• Senior student member of **ACM India's 5 times best student chapter.**
• Head at Web & App Dev Event
• Member of Web and Publicity team.
• Managed and volunteered several technical workshops, events & contests.

COURSEWORK

- Distributed Systems & Computer Networks
- Operating Systems
- Software Engineering
- Database Management Systems

EXTRA-CURRICULAR

Elocution | Extempore | Portrait Sketching | Canvas Painting | Badminton | Cricket

ACHIEVEMENTS

- **Finalist team at Mastercard India Intern Innovation Challenge 2023:** Proposed an idea for optimizing the gamified rewards for credit and debit card transactions for loyalty programs.
- **1st Runner-up position in 'Hackspiration'23' Team Hackathon**: Organised by Microsoft Learn Students Club, VIT PUNE. Worked on **integrating Firebase in Next.js** website for Google **sign-in authentication & files upload and download**.
- **Paper Publication in Iconic Research And Engineering (IRE) Journals:** Paper based on "CT scan Reconstruction using Generative Adversarial Network (GAN) "
- Secured rank **4th/300+ in 'Pradnya'- National Level Programming Contest** conducted by 'Impetus and Concepts', a flagship technical event of PICT.
- **Harvard WECode Scholar - Issued by Harvard University, USA** Granted 100% scholarship to attend the largest student-run women in technology conference.
- **Times NIE Student of The Year Award - Issued by The Times of India, Newspaper in Education:** Felicitated with the award for academic excellence and all-round performances in extracurriculars throughout 9th and 10th grade.
